

A Guide to E-Ticketing - Instant tickets by email to print at home!

ADVANTAGES:

- Discount for buying in advance
- No booking fee or charge for using credit cards
- Tickets bought on-line are delivered direct to your email
- No waiting for postal deliveries or lost tickets
- Tickets are scanned at the gates when you arrive at the Show for quick and easy entry

HOW TO USE

1. Follow the link on our website to purchase the tickets, stating the number and type of tickets required.
2. Make secure payment via the website using debit or credit card
3. Print out the tickets - please avoid getting them wet as inkjet printing will smudge
4. Bring the ticket with you to the show and present at any gate
5. The ticket will be electronically scanned at the gate to admit entry
6. For re-entry remember to get a hand-stamp before leaving the show-field
7. For two day tickets remember to present your ticket at the grandstand for free entry (subject to space)

IMPORTANT

- Each ticket will be a separate page. Please ensure you have printed **ALL** your tickets
- Only one print out of each ticket can be used and once scanned the tickets are no longer valid
- The tickets are electronically validated on entry and subsequent or duplicate presentation constitutes fraudulent use
- You must bring the tickets with you to the show. Please keep them safe and dry.
- To avoid delays at the gate, the ticket should be presented individually by the user of the ticket
- The tickets are valid only for the day(s) shown on the ticket and unless stated only for one day
- E-ticket holders will not receive a swing badge in the post - these are only available for direct purchase from the ticket outlets in Heckington village
- Queries or problems relating to your e-ticket purchase should be directed to tickethelp@ticketsrv.co.uk
- For all other queries (entry, access, timings, etc) please visit the Show website www.heckingtonshow.org.uk
